## OVERVIEW

A Computer Science Undergraduate student at RMIT, I am currently seeking part-time employment to gain experience in my chosen field of study as well as to support my study.

I have a particular interest in web developing, UI/UX designing and I am keen to demonstrate my ability and passion in any industry.

---

## EDUCATION

2012 – 2014	<b>Legal Studies</b> People's Security College, Hanoi, Vietnam Grade: 8.1/10
2017 – current	<b>Bachelor of Computer Science</b> RMIT University, Melbourne, Australia

---

## SKILLS SUMMARY

- Confident Web Developer with experience in HTML, CSS, jQuery, JavaScript, JSON, API, Ruby, Meteor, Blaze.
- Creative UI/UX Designer;
- Advanced user of MS Word, Excel, PowerPoint and Photoshop, basis skills in Adobe Premier;

### Communication skills

- In my role with the police, I ensured all police and witness statements together with legal documents were accurate and precisely prepared.
- It was a requirement for me to have excellent communication skills in my recent role as a RMIT Graduation Ceremony Stage Marshal to answer queries, direct participants to their positions and liaise with colleagues. In this role I received positive feedback from those that I worked with and student I assisted.

### Teamwork skills

- In my role as an IT Support Consultant, I was working in a team of 30 colleagues, as a result, I have strong ability to work well in a team. I have worked as part of a team for two and a half years and understand the importance of great teamwork.
- In my recent role at RMIT Graduation Ceremony, I work closely with other team members to ensure all the students have a memorable time at their graduation.

### Organisational skills

- Well developed organisational skills as a result of managing both academic studies and extra curricular activities as well as working part-time.
- Contributed to the organisation of fund raising activities for youth events.

### Customer Service skills

- Excellent customer service skills developed through multiple part-time and casual roles as customer service officer, strong public skills

---
